

Emerging TIVA- The era of viable and safe Total Intra Venous Anaesthesia is emerging with the availability of drugs like Propofol, Fentanyl, Remifentanil and Dexmedetomidine.

ASA 1 & 2 patients - TIVA can be administered easily and safely using less expensive infusion syringe pumps. Basic anaesthesia monitoring is enough. So, it can be easily adapted to every operation theatre with the basic anaesthesia monitoring, including freelancers practice.

Severely co-morbid patients and in special scenarios more sophisticated support with the dedicated 'Target Controlled Infusion pumps' and 'Anaesthesia Depth Monitors' can be utilized.

Complementing Regional Blocks- No patient wants to be awake during a surgical procedure done under Regional Anaesthesia. They need 'Conscious Sedation', through 'Procedural Sedation & Analgesia' to 'Complementary General Anaesthesia'. Proper titration of the infusion rates with the TIVA systems can be easily adapted to fulfil this task safely and amicably, with or without an airway device.

Program	<31 May	>1 June
USG RA Basic	Rs. 1000	Rs. 1200
USG RA Advances	Rs. 1000	Rs. 1200
JAI CME on TIVA	Rs. 900	Rs. 1000

REGISTRATION

Visit the web page www.explara.com/e/jai-cme-2018 for quick online registration and confirmation at no extra cost. Post graduate students will get a discount of Rs. 100/- on online registration only.

ENQUIRY

Jubilee Anaesthesia Insight 2018

ACADEMIC PROGRAMS

1- Saturday, 09 June 2018

Two simultaneous Programs on

**ULTRASOUND GUIDED
REGIONAL ANAESTHESIA**

**A - Basic Certificate Course in USG RA.
B - Workshop on Advances in USG RA.**

2- Sunday, 10 June 2018

JAI CME

An update on

**TOTAL INTRA VENOUS
ANAESTHESIA**

Department of Anaesthesiology,
JUBILEE MISSION
MEDICAL COLLEGE & RESEARCH INSTITUTE
Thiruvananthapuram, Kerala - 689005

“Ultrasound Guided Regional Anaesthesia”

Twin Programs

Saturday 09 June 2018 Time 8 AM - 4PM.

Venue- Hotel Ashoka Inn, Thrissur.

A B

A- Basic Certificate Course in USG RA

Target Group- Anaesthesiologists and Post Graduate students who are new to USG RA.

Number of Registration restricted to 45.

B- Workshop on Advances in USG RA

Target group- Those who know the basics and are already doing USG blocks. Erector Spinae Plane Block, Phrenic sparing shoulder blocks, Lumbar Plexus Blocks, Advanced thoracic and abdominal blocks are among the topics presented and demonstrated

The two programs will be done simultaneously.
One delegate can participate in one program only.

Course Director

Dr. Davies C V,

Professor of Anaesthesia, Director of Regional Anaesthesia & Pain Medicine, Jubilee Mission Medical College.

In-house Faculty

Professors: Dr. Mariam Koshy Thomas, Dr. Davies C V, Dr. Usha Shenoy, Dr. Kamal Sonya, Dr. Sugatha Prakash.

Associate Professors: Sebastian Valiaveedan, Dr. Bijoy Chirayath

Invited Faculty

Dr. Sajeesh G - *Senior Consultant, SP Fort Hospital, Trivandrum.*

Dr. T. Sivashanmugam - *Professor & HOD, M G Medical College, Puducherry.*

Dr. R. Jayanthi - *Senior Consultant Paediatric Anaesthesiologist, Chennai.*

Dr. Preethy J Mathew - *Professor of Anaesthesia, PGIMER Chandigarh.*

Dr. Jithendra T - *Consultant, Aster Medcity, Cochin.*

Dr. Jestu Kurian & Dr. Sachin George, *Consultants, Rajagiri Hospital, Aluva.*

Dr. Ivan Koshy, *Assistant Professor, Believers Church Medical College, Thiruvalla.*

An AORA Event

Jubilee Anaesthesia Insight 2018

JAI CME

An update on

‘Total Intra Venous Anaesthesia’

Sunday, 10 June 2018 Time 8 AM-4PM.

Venue- Hotel Ashoka Inn, Thrissur.

Organizing Chairperson

Dr. Mariam Koshy Thomas, *Professor. & HOD*

Organizing Secretary

Dr. Davies C V. *Professor of Anaesthesia*

In-House Faculty

Professors : Dr. Mariam Koshy Thomas, Dr. Davies C V, Dr. Usha Shenoy, Dr. Sugatha Prakash, Dr. Kamal Sonya

Associate Professors : Dr. Sebastian Valiaveedan, Dr. Binil Isaac
Dr. Dineep Aravind *Senior Resident*

Invited Faculty

Dr. Giji Jacob George - *Consultant Anaesthetist, Royal Liverpool Hospital, UK.*

Dr. Preethy J Mathew - *Professor of Anaesthesia, PGIMER Chandigarh.*

Dr. Prasanna Udipi Bidkar - *Professor & Neuro Anaesthetist, JIPMER Pondicherry.*

Dr. R Jayanthi - *Senior Consultant Paediatric Anaesthetist, Chennai.*

Dr. Jithendra T - *Consultant Anaesthetist, Aster Medcity, Cochin.*

Dr. Unnikrishnan P - *Assistant Professor & Neuro Anaesthetist, SCTIMST, Trivandrum.*

Dr. Brijesh Savidhan - *Assistant Professor Travancore Medical College, Kollam.*

Dr. Jestu Kurian & Dr. Sachin George, *Consultants, Rajagiri Hospital, Aluva.*

TOPICS DISCUSSED

- Awareness during Anaesthesia,
- Depth of Anaesthesia Monitoring,
- Pharmacology of drugs used in TIVA,
- TIVA systems.

“Modus Operandi” sessions-

- Administration of TIVA for general surgery; and how it is adapted for special situations
- from Neurosurgery to Paediatric surgery -
- from ENT surgery to the Freelancer’s practice.
